INTRODUCTION

Preface

The *International Olympic Committee (IOC)* is the supreme authority of the Olympic Movement and, in particular, the Olympic Games. Any *Person* belonging in any capacity whatsoever to the Olympic Movement is bound by the provisions of the Olympic Charter and is required to abide by the decisions of the *IOC*.

The Olympic Charter reflects the importance that the *IOC* places on the fight against doping in sport and its support for the World Anti-Doping Code (the *Code*) as adopted by the *IOC*.

The *IOC, as Code Signatory*, has established and adopted these *IOC Anti-Doping Rules (Rules)* in accordance with the *Code*, expecting that, in the spirit of sport, it will contribute to the fight against doping in the Olympic Movement. The *Rules* are complemented by other *IOC* documents and *WADA* documents including, *inter alia*, the *International Standards*.

Scope of these Rules

These *Rules* apply in relation to the *Lausanne 2020 Winter Youth Olympic Games*. They shall, without limitation, apply to all *Doping Controls* over which the *IOC* has jurisdiction in relation to the *Lausanne 2020 Winter Youth Olympic Games*.

These *Rules* shall, without limitation, apply to (a) the *IOC*; (b) all *Athletes* entered in the *Lausanne 2020 Winter Youth Olympic Games* or who have otherwise been made subject to the authority of the *IOC* in connection with the *Lausanne 2020 Winter Youth Olympic Games* (see below); (c) all *Athlete Support Persons* supporting such *Athletes*; (d) other *Persons* participating in, or accredited to, the *Lausanne 2020 Winter Youth Olympic Games* including, without any limitation, *International Federations* and *NOCs*; and (e) any *Person* operating (even if only temporarily) under the authority of the *IOC* in relation to the *Lausanne 2020 Winter Youth Olympic Games*.

Athletes entered in the *Lausanne 2020 Winter Youth Olympic Games* or who have otherwise been made subject to the authority of the *IOC* in connection with the *Lausanne 2020 Winter Youth Olympic Games* are bound by these *Rules* as a condition of eligibility to participate in the *Lausanne 2020 Winter Youth Olympic Games*. *Athletes* shall, without limitation, be subject to the authority of the *IOC* upon being put forward by their *NOC* as potential participants in the *Lausanne 2020 Winter Youth Olympic Games* in advance of the *Period of the Lausanne 2020 Winter Youth Olympic Games* and shall in particular be considered to be entered into the *Lausanne 2020 Winter Youth Olympic Games* upon being included in the final *NOC* delegation list.

The *Athlete Support Persons* supporting such *Athletes* and other *Persons* participating in, or accredited to, the *Lausanne 2020 Winter Youth Olympic Games* are bound by these *Rules* as a condition of such participation or accreditation.

Persons operating (even if only temporarily) under the authority of the *IOC* in connection with the *Lausanne 2020 Winter Youth Olympic Games* are bound by these *Rules* as a condition of their participation or involvement in the *Lausanne 2020 Winter Youth Olympic Games*.

Delegation to the *ITA*

The *IOC* is a *Signatory* to the *Code* and these *Rules* are adopted by the *IOC* in accordance with the mandatory provisions of the *Code*.

In accordance with the *Code* and these *Rules*, the *IOC* has agreed to delegate some of its responsibilities related to the implementation of all or part of the *Doping Control* in relation to the *Lausanne 2020 Winter Youth Olympic Games* to the *ITA* as further described hereunder, including without limitation, test distribution planning, *TUEs* and results management. The *ITA*, in turn, may sub-delegate the implementation of *Doping Control* as appropriate and customary (for example to *Lausanne 2020* or *Sample* collection agencies). References in these *Rules* to the *ITA* shall exceptionally, due to the *IOC's* status as a *Major Event Organization* and where applicable within the context of the aforementioned delegation, be references to the *ITA* acting on behalf of the *IOC*.

Notwithstanding the above delegation, and in accordance with the *International Standard for Code Compliance by Signatories*, the *IOC* shall, as the *Signatory*, remain responsible from a *Code* compliance perspective for all aspects of *Doping Control* conducted at the *Lausanne 2020 Winter Youth Olympic Games*.

Further, and for the avoidance of doubt, while the *ITA* may act on its behalf, the *IOC* shall be considered as the party asserting anti-doping rule violations and for the purpose of any actions taken within the results management process, as the responding party for the purpose of appeals, and as the party in any other matter under these *Rules* where that role would appropriately fall to a *Signatory* under the *Code*.

ARTICLE 1 - DEFINITION OF DOPING

Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Article 2.1 through Article 2.10 of these *Rules*.

ARTICLE 2 - ANTI-DOPING RULE VIOLATIONS

The purpose of Article 2 is to specify the circumstances and conduct which constitute anti-doping rule violations.

Athletes and other *Persons* shall be responsible for knowing (and shall be deemed to know) what constitutes an anti-doping rule violation and the substances and methods which have been included on the *Prohibited List*.

The following constitute anti-doping rule violations:

2.1 Presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample*

2.1.1 It is each *Athlete's* personal duty to ensure that no *Prohibited Substance* enters his or her body. *Athletes* are responsible for any *Prohibited Substance* or its *Metabolites* or *Markers* found to be present in their *Samples*. Accordingly, it is not necessary that intent, *Fault*, negligence or knowing *Use* on the *Athlete's* part be demonstrated in order to establish an anti-doping rule violation under Article 2.1.

2.1.2 Sufficient proof of an anti-doping rule violation under Article 2.1 is established by any of the following: presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in the *Athlete's A Sample* where the *Athlete* waives analysis of the *B Sample* and the *B Sample* is not analyzed; or, where the *Athlete's B Sample* is analyzed and the analysis of the *Athlete's B Sample* confirms the presence of the *Prohibited Substance* or its *Metabolites* or *Markers* found in the *Athlete's A Sample*; or, where the *Athlete's B Sample* is split into two bottles and the analysis of the second bottle confirms the presence of the *Prohibited Substance* or its *Metabolites* or *Markers* found in the first bottle.

2.1.3 Excepting those substances for which a quantitative threshold is specifically identified in the *Prohibited List*, the presence of any quantity of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample* shall constitute an anti-doping rule violation.

2.1.4 As an exception to the general rule of Article 2.1, the *Prohibited List* or *International Standards* may establish special criteria for the evaluation of *Prohibited Substances* that can also be produced endogenously.

2.2 Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method

2.2.1 It is each *Athlete's* personal duty to ensure that no *Prohibited Substance* enters his or her body and that no *Prohibited Method* is *Used*. Accordingly, it is not necessary that intent, *Fault*, negligence or knowing *Use* on the *Athlete's* part be demonstrated in order to establish an anti-doping rule violation for *Use* of a *Prohibited Substance* or a *Prohibited Method*.

2.2.2 The success or failure of the *Use* or *Attempted Use* of a *Prohibited Substance* or *Prohibited Method* is not material. It is sufficient that the *Prohibited Substance* or *Prohibited Method* was *Used* or *Attempted* to be *Used* for an anti-doping rule violation to be committed.

2.3 Evading, Refusing or Failing to Submit to Sample Collection

Evading *Sample* collection, or without compelling justification, refusing or failing to submit to *Sample* collection after notification as authorized in these *Rules* or other applicable anti-doping rules.

2.4 Whereabouts Failures

Any combination of three missed tests and/or filing failures, as defined in the *International Standard* for Testing and Investigations, within a twelve-month period by an *Athlete* in a *Registered Testing Pool*.

2.5 Tampering or Attempted Tampering with any part of Doping Control

Conduct which subverts the *Doping Control* process but which would not otherwise be included in the definition of *Prohibited Methods*. *Tampering* shall include, without limitation, intentionally interfering or attempting to interfere with a *Doping Control* official, providing fraudulent information to an *Anti-Doping Organization* or intimidating or attempting to intimidate a potential witness.

2.6 Possession of a Prohibited Substance or a Prohibited Method

2.6.1 *Possession* by an *Athlete In-Competition* of any *Prohibited Substance* or any *Prohibited Method*, or *Possession* by an *Athlete Out-of-Competition* of any *Prohibited Substance* or any *Prohibited Method* which is prohibited *Out-of-Competition* unless the *Athlete* establishes that the *Possession* is consistent with a *TUE* granted in accordance with Article 4.4 of the *Code* or other acceptable justification.

2.6.2 *Possession* by an *Athlete Support Person In-Competition* of any *Prohibited Substance* or any *Prohibited Method*, or *Possession* by an *Athlete Support Person Out-of-Competition* of any *Prohibited Substance* or any *Prohibited Method* which is prohibited *Out-of-Competition* in connection with an *Athlete*, *Competition* or training, unless the *Athlete Support Person*

establishes that the *Possession* is consistent with a *TUE* granted to an *Athlete* in accordance with Article 4.4 of the *Code* or other acceptable justification.

2.7 *Trafficking or Attempted Trafficking in any Prohibited Substance or Prohibited Method*

2.8 *Administration or Attempted Administration to any Athlete In-Competition of any Prohibited Substance or Prohibited Method, or Administration or Attempted Administration to any Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method that is prohibited Out-of-Competition*

2.9 *Complicity*

Assisting, encouraging, aiding, abetting, conspiring, covering up or any other type of intentional complicity involving an anti-doping rule violation, *Attempted* anti-doping rule violation or violation of Article 10.12.1 of the *Code* by another *Person*.

2.10 *Prohibited Association*

Association by an *Athlete* or other *Person* subject to the authority of an *Anti-Doping Organization* in a professional or sport-related capacity with any *Athlete Support Person* who:

2.10.1 If subject to the authority of an *Anti-Doping Organization*, is serving a period of *Ineligibility*; or

2.10.2 If not subject to the authority of an *Anti-Doping Organization*, and where *Ineligibility* has not been addressed in a results management process pursuant to the *Code*, has been convicted or found in a criminal, disciplinary or professional proceeding to have engaged in conduct which would have constituted a violation of anti-doping rules if *Code*-compliant rules had been applicable to such *Person*. The disqualifying status of such *Person* shall be in force for the longer of six years from the criminal, professional or disciplinary decision or the duration of the criminal, disciplinary or professional sanction imposed; or

2.10.3 Is serving as a front or intermediary for an individual described in Article 2.10.1 or 2.10.2.

In order for this provision to apply, it is necessary that the *Athlete* or other *Person* has previously been advised in writing by an *Anti-Doping Organization* with jurisdiction over the *Athlete* or other *Person*, or by *WADA*, of the *Athlete Support Person's* disqualifying status and the potential *Consequence* of prohibited association and that the *Athlete* or other *Person* can reasonably avoid the association. The *Anti-Doping Organization* shall also use reasonable efforts to advise the *Athlete Support Person* who is the

subject of the notice to the *Athlete* or other *Person* that the *Athlete Support Person* may, within 15 days, come forward to the *Anti-Doping Organization* to explain that the criteria described in Articles 2.10.1 and 2.10.2 do not apply to such *Athlete Support Person*. (Notwithstanding Article 16, this Article applies even when the *Athlete Support Person's* disqualifying conduct occurred prior to the effective date provided in Article 25 of the *Code*).

The burden shall be on the *Athlete* or other *Person* to establish that any association with *Athlete Support Persons* described in Article 2.10.1 or 2.10.2 is not in a professional or sport-related capacity.

If the *IOC* or *ITA* becomes aware of an *Athlete Support Person* who meets the criteria described in Article 2.10.1, 2.10.2 or 2.10.3, it shall submit that information to *WADA*.

ARTICLE 3 - PROOF OF DOPING

3.1 Burdens and Standards of Proof

The *IOC* (or the *ITA* acting before the hearing panel on behalf of the *IOC* as set forth in Article 8.1.1 of these *Rules*) shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether the *IOC* has established an anti-doping rule violation to the comfortable satisfaction of the hearing panel bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probabilities but less than proof beyond a reasonable doubt. Where these *Rules* place the burden of proof upon the *Athlete* or other *Person* alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, the standard of proof shall be by a balance of probabilities.

3.2 Methods of Establishing Facts and Presumptions

Facts related to anti-doping rule violations may be established by any reliable means, including admissions. The following rules of proof shall be applicable in doping cases:

- 3.2.1** Analytical methods and decision-limits approved by *WADA* after consultation within the relevant scientific community, which have been the subject of peer review, are presumed to be scientifically valid. Any *Athlete* or other *Person* seeking to rebut this presumption of scientific validity shall, as a condition precedent to any such challenge, first notify *WADA* of the challenge and the basis of the challenge. *CAS Anti-Doping Division* on its own initiative may also inform *WADA* of any such challenge. At *WADA's* request, the *CAS Anti-Doping Division* panel shall appoint an appropriate scientific expert to assist the panel in its evaluation of the challenge. Within 10 days of *WADA's* receipt of such notice, and *WADA's* receipt of the *CAS*

Anti-Doping Division file, WADA shall also have the right to intervene as a party, appear amicus curiae or otherwise provide evidence in such proceeding.

- 3.2.2** WADA-accredited laboratories, and other laboratories approved by WADA, are presumed to have conducted *Sample* analysis and custodial procedures in accordance with the *International Standard* for Laboratories. The *Athlete* or other *Person* may rebut this presumption by establishing that a departure from the *International Standard* for Laboratories occurred which could reasonably have caused the *Adverse Analytical Finding*. If the *Athlete* or other *Person* rebuts the preceding presumption by showing that a departure from the *International Standard* for Laboratories occurred which could reasonably have caused the *Adverse Analytical Finding*, then the IOC shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*.
- 3.2.3** Departures from any other applicable *International Standard* or other anti-doping rule or policy set forth in these *Rules* which did not cause an *Adverse Analytical Finding* or other anti-doping rule violation shall not invalidate such evidence or results. If the *Athlete* or other *Person* establishes a departure from another *International Standard* or other anti-doping rule or policy which could reasonably have caused an anti-doping rule violation based on an *Adverse Analytical Finding* or other anti-doping rule violation, then the IOC shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding* or the factual basis for the anti-doping rule violation.
- 3.2.4** The facts established by a decision of a court or professional disciplinary tribunal of competent jurisdiction which is not the subject of a pending appeal shall be irrebuttable evidence against the *Athlete* or other *Person* to whom the decision pertained of those facts unless the *Athlete* or other *Person* establishes that the decision violated principles of natural justice.
- 3.2.5** The hearing panel in a hearing on an anti-doping rule violation (including for the avoidance of doubt, the *CAS Anti-Doping Division*) may draw an inference adverse to the *Athlete* or other *Person* who is asserted to have committed an anti-doping rule violation based on the *Athlete's* or other *Person's* refusal, after a request made in advance of the hearing, to appear at the hearing (either in person or telephonically as directed by the hearing panel) and to answer questions from the hearing panel and the *ITA*.

ARTICLE 4 - THE PROHIBITED LIST

4.1 Incorporation of the *Prohibited List*

These *Rules* incorporate the *Prohibited List* which is published and revised by WADA as described in Article 4.1 of the *Code*. The *NOCs* shall be responsible for ensuring that their delegations, including their *Athletes*, are

made aware of such *Prohibited List*. Notwithstanding the foregoing, ignorance of the *Prohibited List* shall not constitute an excuse for any *Participant* or other *Person* participating in, or accredited to, the *Lausanne 2020 Winter Youth Olympic Games*.

4.2 *Prohibited Substances and Prohibited Methods Identified on the Prohibited List*

4.2.1 *Prohibited Substances and Prohibited Methods*

Unless provided otherwise in the *Prohibited List* and/or a revision, the *Prohibited List* and revisions shall go into effect under these *Rules* three months after publication by *WADA*, without requiring any further action by the *IOC*.

4.2.2 All *Athletes* and other *Persons* shall be bound by the *Prohibited List*, and any revisions thereto, from the date they go into effect, without further formality. It is the responsibility of all *Athletes* and other *Persons* to familiarize themselves with the most up-to-date version of the *Prohibited List* and all revisions thereto.

4.2.3 *Specified Substances*

All *Prohibited Substances* shall be *Specified Substances* except substances in the classes of anabolic agents and hormones and those stimulants and hormone antagonists and modulators so identified on the *Prohibited List*. The category of *Specified Substances* shall not include *Prohibited Methods*.

4.3 *WADA's Determination of the Prohibited List*

WADA's determination of the *Prohibited Substances* and *Prohibited Methods* that will be included on the *Prohibited List*, the classification of substances into categories on the *Prohibited List*, and the classification of a substance as prohibited at all times or *In-Competition* only, is final and shall not be subject to challenge by an *Athlete* or other *Person* based on an argument that the substance or method was not a masking agent or did not have the potential to enhance performance, represent a health risk or violate the spirit of sport.

4.4 *Therapeutic Use Exemptions*

4.4.1 The presence of a *Prohibited Substance* or its *Metabolites* or *Markers*, and/or the *Use* or *Attempted Use*, *Possession* or *Administration* or *Attempted Administration* of a *Prohibited Substance* or *Prohibited Method* shall not be considered an anti-doping rule violation if it is consistent with the provisions of a *TUE* granted in accordance with the *International Standard* for Therapeutic Use Exemptions.

- 4.4.2** The *ITA* shall appoint the members of the *TUEC* which shall be composed of specialists in accordance with the *International Standard* for Therapeutic Use Exemptions. Each *TUE* shall be assessed by three members of the *TUEC*.
- 4.4.2.1** The *TUEC* shall promptly evaluate applications for a *TUE* and render a decision as quickly as possible, which decision shall be reported via *ADAMS*.
- 4.4.2.2** The *ITA* shall promptly notify the *Athlete*, or in *Athlete's* absence, the *Athlete's NOC* (in accordance with Article 14 below), *WADA* and the relevant *International Federation* of the decision of the *TUEC*.
- 4.4.2.3** The provisions of the *International Standard* for Therapeutic Use Exemptions shall be complied with during the entire *TUE* application, recognition, decision, review and appeal process and applied automatically. *TUEs* granted by the *TUEC* shall be effective for the *Lausanne 2020 Winter Youth Olympic Games* only.
- 4.4.3** Where the *Athlete* already has a *TUE* granted by the *Athlete's National Anti-Doping Organization* or *International Federation* and provided that such *TUE* is not available on *ADAMS*, the *Athlete* shall submit such *TUE* to the *TUEC* for recognition at least 30 days before the start of the *Period of the Lausanne 2020 Winter Youth Olympic Games*. The *TUEC* shall be entitled, including prior to the *Period of the Lausanne 2020 Winter Youth Olympic Games*, to review any such *TUE* in order to ensure that it meets the criteria set out in the *International Standard* for Therapeutic Use Exemptions and, if necessary, request the provision of further supporting documentation. If the *TUEC* decides to review a *TUE* and determines that it does not meet the aforementioned criteria, and, accordingly, refuses to recognize it, it must notify the *Athlete* or, in *Athlete's* absence, the *Athlete's NOC* (in accordance with Article 14 below) promptly, explaining its reasons.
- 4.4.4** A decision by the *TUEC* not to grant or not to recognize a *TUE* may be appealed by the *Athlete* exclusively to *WADA*. If the *Athlete* does not appeal (or *WADA* decides to uphold the refusal to grant/recognize the *TUE* and so rejects the appeal), the *Athlete* may not *Use* or *Possess* the substance or method in question in relation to the *Lausanne 2020 Winter Youth Olympic Games*, but any *TUE* granted by the *Athlete's National Anti-Doping Organization* or *International Federation* for that substance or method remains valid outside of the *Lausanne 2020 Winter Youth Olympic Games*.
- 4.4.5** Notwithstanding Article 4.4.4, *WADA* may review the *TUEC's* decisions on *TUEs* at any time, whether upon request by those affected or on its own initiative. If the *TUE* decision being reviewed meets the criteria set out in the *International Standard* for Therapeutic Use Exemptions, *WADA* will not interfere with it. If the *TUE* decision does not meet those criteria, *WADA* will reverse it.

- 4.4.6** All *TUEs* must be managed, requested and declared through *ADAMS*. All decisions regarding *TUEs* must be applied for, managed and notified as soon as possible through *ADAMS*.

ARTICLE 5 - TESTING AND INVESTIGATIONS

5.1 Purpose of Testing and Investigations

Testing and investigations shall only be undertaken for anti-doping purposes. They shall be conducted in conformity with the provisions of the *International Standard* for Testing and Investigations and any specific protocols of the *IOC* and/or the *ITA* (within the scope of its delegation) supplementing that *International Standard*, provided that such protocols are compliant with the *Code* and *International Standard* for Testing and Investigations.

- 5.1.1** *Testing* shall be undertaken to obtain analytical evidence as to the *Athlete's* compliance (or non-compliance) with the prohibition on the presence/*Use of a Prohibited Substance or Prohibited Method*.

- 5.1.2** Investigations shall be undertaken:

- 5.1.2.1** in relation to *Atypical Findings*, in accordance with Article 7.3, gathering intelligence or evidence (including analytical evidence) in order to determine whether an anti-doping rule violation has occurred under Article 2.1 and/or Article 2.2; and

- 5.1.2.2** in relation to other indications of potential anti-doping rule violations, in accordance with Articles 7.4 and 7.5, gathering intelligence or evidence (including non-analytical evidence) in order to determine whether an anti-doping rule violation has occurred under any of Articles 2.2 to 2.10.

- 5.1.3** The *ITA* may obtain, assess and process anti-doping intelligence from all available sources, to inform the development of an effective, intelligent and proportionate test distribution plan, to plan *Target Testing*, and/or to form the basis of an investigation into a possible anti-doping rule violation(s).

5.2 Authority to conduct Testing

- 5.2.1** In accordance with Article 5.2.3 of the *Code*, the *IOC* shall have *In-Competition* and *Out-of-Competition Testing* authority over all *Athletes* for the *Lausanne 2020 Winter Youth Olympic Games*.

- 5.2.2** Accordingly, the *ITA* may conduct *In-Competition* and *Out-of-Competition Testing* on any *Athlete* entered to participate in the *Lausanne 2020 Winter Youth Olympic Games*.

5.2.3 The *ITA* may require any *Athlete* over whom the *IOC* has *Testing* authority to provide a *Sample* at any time and at any place.

5.2.4 Subject to Article 5.3 of the *Code*, the *ITA* shall have exclusive authority to initiate and direct *Testing* at the *Event Venues* during the *Period of the Lausanne 2020 Winter Youth Olympic Games*. In accordance with Article 5.3.1 of the *Code*, not only the *ITA*, but also *Anti-Doping Organizations* with *Testing* authority over *Athletes* participating at the *Lausanne 2020 Winter Youth Olympic Games* may test such *Athletes* during the *Period of the Lausanne 2020 Winter Youth Olympic Games* outside of the *Event Venues*. Such *Testing* shall be coordinated with, and approved by, the *ITA*.

5.2.5 Notwithstanding the above, *WADA* shall have *In-Competition* and *Out-of-Competition Testing* authority as set out in Article 20.7.8 of the *Code*.

5.3 Delegation of responsibility, overseeing and monitoring of *Doping Control*

5.3.1 Subject to the *International Standard* for Code Compliance by Signatories and Article 5.3.2 of these *Rules*, the *IOC* has delegated some of its obligations and responsibilities pursuant to these *Rules*, including the implementation of all or part of the *Doping Control* in relation to the *Lausanne 2020 Winter Youth Olympic Games* including, without limitation, test distribution planning, *TUEs* and results management, to the *ITA*. The references in these *Rules* to the *ITA* shall, where applicable, be references to the *ITA* acting on behalf of the *IOC* within the scope of the above-mentioned delegation.

The *ITA* may in turn sub-delegate the responsibility for implementing all or part of the *Doping Control* in relation to the *Lausanne 2020 Winter Youth Olympic Games* to the organising committee for the *Lausanne 2020 Winter Youth Olympic Games (Lausanne 2020)* or any *Anti-Doping Organization* or third parties it deems to be appropriate (such as a *Sample* collection agency). In such event, *Lausanne 2020* and such *Anti-Doping Organizations* or third parties shall act in accordance with these *Rules* and any further requirements and instructions provided by the *ITA*.

The delegation of obligations or responsibilities to the *ITA* shall continue in effect until revocation or withdrawal of such delegation by the *IOC* at any time and at its own discretion. In the event of revocation or withdrawal, any references to the *ITA* in the *Rules* shall be deemed to be references to the *IOC*.

5.3.2 Notwithstanding the aforementioned delegation to the *ITA* and, to the extent applicable, any sub-delegation by the *ITA* as indicated in these *Rules*, the *IOC* remains ultimately responsible for *Doping Control* and for the *Code* compliance of any *Doping Control* conducted by the *ITA* and/or any *Anti-Doping Organization* or third parties acting under its authority at the *Lausanne 2020 Winter Youth Olympic Games*.

5.3.3 *Doping Control* may be monitored by qualified *Persons* so authorised by the *ITA* and/or the *IOC*.

5.4 Test Distribution Planning

The *ITA* shall develop, update and implement an effective test distribution plan for the *Lausanne 2020 Winter Youth Olympic Games* complying with the requirements of the *International Standard* for Testing and Investigations. The *ITA* shall be responsible for overseeing the implementation of such test distribution plan and any subsequent changes thereto. The *ITA* shall provide the *IOC* and *WADA*, promptly upon request, with a copy of such test distribution plan, including any subsequent changes thereto.

5.5 Coordination of Doping Control

In order to deliver an effective anti-doping program for the *Lausanne 2020 Winter Youth Olympic Games* and to avoid unnecessary duplication in *Doping Control*, the *ITA*, in collaboration with the *IOC*, *Lausanne 2020*, *WADA*, the *International Federations*, other *Anti-Doping Organizations* and the *NOCs* to ensure that there is coordination of *Doping Control* during the *Period of the Lausanne 2020 Winter Youth Olympic Games*.

Where reasonably feasible, *Testing* shall be coordinated through *ADAMS* or another system approved by *WADA* in order to maximize the effectiveness of the combined *Testing* effort and to avoid unnecessary repetitive *Testing*. All relevant information regarding *Doping Control* and *Sample Collection* should be promptly entered into *ADAMS* or another system approved by *WADA*.

5.6 Athlete Whereabouts Information

5.6.1 Where an *Athlete* is in a *Registered Testing Pool*, the *ITA*, in collaboration with *Lausanne 2020*, may access the *Athlete's* Whereabouts Filings (as defined in the *International Standard* for Testing and Investigations) for the period for which the *Athlete* is subject to the *IOC's* *Testing* authority in accordance with Article 5.2 of these *Rules*. The *IOC* and the *ITA* will access the *Athlete's* Whereabouts Filings primarily via *ADAMS* and/or the *International Federations* or *National Anti-Doping Organization* that is receiving the *Athlete's* Whereabouts Filings.

5.6.2 In addition, each *NOC* shall provide the *ITA* with further details with respect to the location and arrival/departure dates of all *Athletes* belonging to their delegation (including *Athletes* not forming part of a *Registered Testing Pool*) during the *Period of the Lausanne 2020 Winter Youth Olympic Games*; such information shall include, without limitation, the name of the building and room number at which an *Athlete* is staying at the Olympic Village, detailed accommodation information for *Athletes* not staying in the Olympic Village, and *Athlete's* training schedules and venues. Such information shall be provided to the *ITA* as soon as the *NOC* becomes aware of *Athlete's* Whereabouts. For the avoidance of doubt, the *ITA* may use this information

for the purposes of investigations and *Doping Controls* in connection with the *Lausanne 2020 Winter Youth Olympic Games*. The *NOCs* shall also monitor and manage the whereabouts information and provide any further reasonable assistance requested by the *ITA* in order to locate *Athletes* belonging to their delegations during the *Period of the Lausanne 2020 Winter Youth Olympic Games*. Without prejudice to any other consequences, which, depending on the circumstances, might be applicable if such failure constitutes an anti-doping rule violation pursuant to these *Rules*, failure to provide the above-mentioned assistance may give rise to measures or sanctions in application of Rule 59.1 and/or Rule 59.2 of the Olympic Charter.

- 5.6.3** Upon request by the *ITA*, *Athletes* and the *NOC* shall directly provide to the *ITA* (or make available to the *ITA*) information regarding *Athletes'* location during the *Period of the Lausanne 2020 Winter Youth Olympic Games* (information as mentioned above under Article 5.6.2), in the manner requested by the *ITA*. *Athletes* shall respect any time-limit imposed by the *ITA* for the provision of such information. Without prejudice to any other consequences, which, depending on the circumstances, might be applicable if such failure constitutes an anti-doping rule violation pursuant to these *Rules*, failure to provide the above-mentioned information may give rise to measures or sanctions in application of Rule 59.2 of the Olympic Charter.

ARTICLE 6 - ANALYSIS OF SAMPLES

Samples shall be analyzed in accordance with the following principles:

6.1 Use of Accredited and Approved Laboratories

In accordance with the *Code* and for purposes of Article 2.1 of these *Rules*, *Samples* shall be analyzed only in laboratories (or satellite facilities) accredited or otherwise approved by *WADA*.

6.2 Purpose of Analysis of Samples

Samples shall be analyzed to detect *Prohibited Substances* and *Prohibited Methods* and other substances as may be directed by *WADA* pursuant to the Monitoring Program described in Article 4.5 of the *Code*; or to assist in profiling relevant parameters in an *Athlete's* urine, blood or other matrix, including DNA or genomic profiling; or for any other legitimate anti-doping purpose. *Samples* may be collected and stored for future analysis.

6.3 Research on Samples

No *Sample* may be used for research without the *Athlete's* written consent. *Samples* used for purposes other than Article 6.2 shall have any means of identification removed such that they cannot be traced back to a particular *Athlete*.

6.4 Standards for *Sample* Analysis and Reporting

Laboratories shall analyze *Samples* and report results in conformity with the *International Standard* for Laboratories. To ensure effective *Testing*, the Technical Document referenced at Article 5.4.1 of the *Code* will establish risk assessment-based *Sample* analysis menus appropriate for particular sports and sport disciplines, and laboratories shall analyze *Samples* in conformity with those menus, except as follows:

6.4.1 The *ITA* may request that laboratories analyze its *Samples* using more extensive menus than those described in the Technical Document.

6.4.2 As provided in the *International Standard* for Laboratories, laboratories at their own initiative and expense may analyze *Samples* for *Prohibited Substances* or *Prohibited Methods* not included on the *Sample* analysis menu described in the Technical Document or specified by the *Testing* authority. Results from any such analysis shall be reported and have the same validity and consequence as any other analytical result.

6.5 Further Analysis of *Samples*

Any *Sample* may be subject to further analysis at any time before both the A and B *Sample* analytical results (or A *Sample* results where B *Sample* analysis has been waived or will not be performed) have been notified by the *ITA* to the *Athlete* as the asserted basis for an Article 2.1 anti-doping rule violation.

All *Samples* may be stored and may be subject to further analyses at any time for the purpose of Article 6.2 by the *IOC* or *WADA*. Such further analysis of *Samples* shall conform with the requirements of the *International Standard* for Laboratories applicable at the time of the further analysis.

ARTICLE 7 – RESULTS MANAGEMENT

7.1 Responsibility for Conducting Results Management

7.1.1 The *IOC* is the results management authority for the purpose of Articles 7, 8, 9, 10, 11 and 13 of the *Code* (and the corresponding applicable provisions in these *Rules*). However, as part of its delegated responsibilities, the *ITA* shall be responsible to represent the *IOC* and act on its behalf and name in the conduct of the results management process for anti-doping rule violations arising under these *Rules*. The *ITA* shall notably conduct the reviews provided for in this Article 7.

7.1.2 Responsibility for results management and the conduct of hearings for anti-doping rule violations arising under these *Rules* in relation to *Consequences*

that extend beyond the *Lausanne 2020 Winter Youth Olympic Games* shall be referred to the *Athlete* or other *Person's International Federation*.

7.2 Review of Adverse Analytical Findings from Tests Initiated by the ITA

Results management in respect of the results of tests initiated and conducted by the *ITA* pursuant to these *Rules* (including any tests performed by *WADA* in accordance with Article 5.2.5 of these *Rules*) shall proceed as follows:

7.2.1 The results from all analyses will be reported into *ADAMS* whether during or outside the *Period of the Lausanne 2020 Winter Youth Olympic Games*.

All communications and reports must be provided in a manner preserving confidentiality and data privacy, in conformity with the *International Standard* for Laboratories, the *International Standard* for the Protection of Privacy and Personal Information, the applicable data protection and privacy laws and through *ADAMS* as applicable.

7.2.2 Upon receipt of an *Adverse Analytical Finding*, the *ITA* shall conduct a review to determine whether:

- (a) an applicable *TUE* has been granted or will be granted as provided in the *International Standard* for Therapeutic Use Exemptions, or
- (b) there is any apparent departure from the *International Standard* for Testing and Investigations or *International Standard* for Laboratories that caused the *Adverse Analytical Finding*.

The *ITA* may request additional information and explanations related to the review of an *Adverse Analytical Finding*, including regarding the route of administration.

7.2.3 If the review of an *Adverse Analytical Finding* under Article 7.2.2 reveals an applicable *TUE* or departure from the *International Standard* for Testing and Investigations or the *International Standard* for Laboratories that caused the *Adverse Analytical Finding*, the entire test shall be considered negative and the *Athlete's International Federation*, the relevant *National Anti-Doping Organization* of the *Athlete*, the *IOC* and *WADA* shall be so notified.

7.2.4 If the review of an *Adverse Analytical Finding* under Article 7.2.2 does not reveal an applicable *TUE* or entitlement to a *TUE* as provided in the *International Standard* for Therapeutic Use Exemptions, or departure from the *International Standard* for Testing and Investigations or the *International Standard* for Laboratories that caused the *Adverse Analytical Finding*, the *ITA* shall notify:

- (a) the *Athlete*;
- (b) the *Athlete's NOC*;
- (c) the *Athlete's International Federation* (who will be entitled to send a representative(s) to attend the hearing);
- (d) the relevant *National Anti-Doping Organization of the Athlete*;
- (e) the *IOC*; and
- (f) *WADA* (which will be entitled to send a representative to attend the hearing)

of the existence of the *Adverse Analytical Finding*, and the essential details available concerning the case.

7.2.5 The notifications specified above under Article 7.2.4 (a) to (f) shall be done in the manner set out in Articles 13.1 and 14, and shall give notification of:

- (a) the *Adverse Analytical Finding*;
- (b) the anti-doping rule violated;
- (c) the *Athlete's* right to promptly request the analysis of the *B Sample* or, failing such request, that the *B Sample* analysis may be deemed waived;
- (d) the scheduled date, time and place for the *B Sample* analysis if the *Athlete* or the *ITA* chooses to request an analysis of the *B Sample*;
- (e) the opportunity for the *Athlete* and/or the *Athlete's* representative to attend the *B Sample* opening and analysis in accordance with the *International Standard* for Laboratories if such analysis is requested;
- (f) the *Athlete's* right to request copies of the *A* and *B Sample* laboratory documentation package which includes information as required by the *International Standard* for Laboratories; and
- (g) to the extent applicable, the application for either mandatory or optional *Provisional Suspension*.

The notification of the *Athlete* or other *Person* shall constitute the commencement of the proceeding in respect of the asserted anti-doping rule violation for the purposes of Article 16 of these Rules.

- 7.2.6** In parallel or upon conclusion of the notification process hereinabove, an application pursuant to Article 8.1.1 of these *Rules* shall be filed by the *ITA* with the *CAS Anti-Doping Division*, as per Article 8 and the *CAS Anti-Doping Division Arbitration Rules*.
- 7.2.7** Where requested by the *Athlete* or the *ITA*, arrangements shall be made to analyze the *B Sample* in accordance with the *International Standard* for Laboratories. An *Athlete* may accept the *A Sample* analytical results by waiving the requirement for *B Sample* analysis. The *ITA* may nonetheless elect to proceed with the *B Sample* analysis.
- 7.2.8** The *Athlete* and/or *Athlete's* representative shall be allowed to be present at the opening and analysis of the *B Sample*. Also, a representative of the *ITA* shall be allowed to be present.
- 7.2.9** If the *B Sample* analysis does not confirm the *A Sample* analysis, then (unless the *ITA* takes the case forward as an anti-doping rule violation under Article 2.2) the entire test shall be considered negative and the *Athlete*, or in *Athlete's* absence the *Athlete's NOC* (in accordance with Article 14 below), the *Athlete's International Federation*, the relevant *National Anti-Doping Organization* of the *Athlete*, the *IOC* and *WADA* shall be so notified.
- 7.2.10** If the *B Sample* analysis confirms the *A Sample* analysis, the findings shall be notified to the *Athlete*, or in *Athlete's* absence the *Athlete's NOC* (in accordance with Article 14 below), the *Athlete's International Federation*, the relevant *National Anti-Doping Organization* of the *Athlete*, the *IOC* and to *WADA*.

7.3 Review of Atypical Findings

- 7.3.1** As provided in the *International Standard* for Laboratories, in some circumstances, laboratories are directed to report the presence of *Prohibited Substances*, which may also be produced endogenously, as *Atypical Findings*, i.e., as findings that are subject to further investigation. Upon receipt of an *Atypical Finding*, the *ITA* shall conduct a review to determine whether:
- (a) an applicable *TUE* has been granted or will be granted as provided in the *International Standard* for Therapeutic Use Exemptions, or
 - (b) there is any apparent departure from the *International Standard* for Testing and Investigations or *International Standard* for Laboratories that caused the *Atypical Finding*.
- 7.3.2** If the review of an *Atypical Finding* under Article 7.3.1 reveals an applicable *TUE* or a departure from the *International Standard* for Testing and Investigations or the *International Standard* for Laboratories that caused the *Atypical Finding*, the entire test shall be considered negative and the

Athlete's International Federation, the relevant *National Anti-Doping Organization* of the *Athlete* and *WADA* shall be so notified.

7.3.3 If that review does not reveal an applicable *TUE* or a departure from the *International Standard* for Testing and Investigations or the *International Standard* for Laboratories that caused the *Atypical Finding*, the *ITA* shall conduct the required investigation or cause it to be conducted. After the investigation is completed, either the *Atypical Finding* will be brought forward as an *Adverse Analytical Finding*, in accordance with Article 7.2.4 and 7.2.5, or else the *Athlete's International Federation*, the relevant *National Anti-Doping Organization* of the *Athlete* and *WADA* shall be notified that the *Atypical Finding* will not be brought forward as an *Adverse Analytical Finding*.

7.3.4 The *ITA* will not provide notification of an *Atypical Finding* until it has completed its investigation and has decided that it will bring the *Atypical Finding* forward as an *Adverse Analytical Finding* unless the *ITA* determines the *B Sample* should be analyzed prior to the conclusion of its investigation. In this case, it may conduct the *B Sample* analysis after notifying the *Athlete*, with such notification to include a description of the *Atypical Finding* and the information described in Article 7.2.5 (d) - (g).

7.4 Review of Whereabouts Failures

The *ITA* shall refer potential filing failures and missed tests (as defined in the *International Standard* for Testing and Investigations) to whichever of the *Athlete's International Federation* and *National Anti-Doping Organization* receives that *Athlete's* whereabouts filings and so has responsibility for results management of whereabouts failures by that *Athlete*.

7.5 Review of Other Anti-Doping Rule Violations Not Covered by Articles 7.2 – 7.4

The *ITA*, with the assistance of outside support as necessary, shall conduct any follow-up investigation required into a possible anti-doping rule violation not covered by Articles 7.2 to 7.4 of these *Rules*. At such time as the *ITA* is satisfied that an anti-doping rule violation has occurred, the *ITA* shall promptly notify the *Athlete* or other *Person*, or in *Athlete's* absence the *Athlete's* or other *Person's NOC* (in accordance with Article 14 below), the *Athlete's International Federation*, the relevant *National Anti-Doping Organization* of the *Athlete*, the *IOC* and *WADA* of the anti-doping rule violation asserted, and the basis of that assertion.

In parallel or upon conclusion of the notification process hereinabove, an application pursuant to Article 8.1.1 of these *Rules* shall be filed by the *ITA* with the *CAS Anti-Doping Division*, in accordance with the *CAS Anti-Doping Division Arbitration Rules*.

7.6 Provisional Suspensions

7.6.1 Mandatory Provisional Suspension

If analysis of an *A Sample* has resulted in an *Adverse Analytical Finding* for a *Prohibited Substance* that is not a *Specified Substance*, or for a *Prohibited Method*, and a review in accordance with Article 7.2.2 does not reveal an applicable *TUE* or departure from the *International Standard* for Testing and Investigations or the *International Standard* for Laboratories that caused the *Adverse Analytical Finding*, a *Provisional Suspension* shall be imposed by the *CAS Anti-Doping Division* upon or promptly after the notification described in Article 7.2.4 and the *Athlete* or other *Person* being given the opportunity to be heard, in writing or in person. In accordance with Article 7.1.2, the scope of the *Provisional Suspension* shall be limited to the *Lausanne 2020 Winter Youth Olympic Games*.

7.6.2 Optional Provisional Suspension

In case of an *Adverse Analytical Finding* for a *Specified Substance*, or in the case of any other anti-doping rule violations not covered by Article 7.6.1, a *Provisional Suspension* on the *Athlete* or other *Person* against whom the anti-doping rule violation is asserted may be imposed by the *CAS Anti-Doping Division* upon or promptly after the notification described in Article 7.2.4 or Article 7.5. In accordance with Article 7.1.2, the scope of the *Provisional Suspension* shall be limited to the *Lausanne 2020 Winter Youth Olympic Games*.

7.6.3 The *Athlete* or other *Person* against whom a *Provisional Suspension* is sought or has been imposed either under Articles 7.6.1 or 7.6.2 shall be given, if he or she so requests, an opportunity for a *Provisional Hearing* before the *CAS Anti-Doping Division* on a timely basis via video-conference, before or after imposition (in that case to reconsider a decision issued without a hearing) of the *Provisional Suspension*.

7.6.4 The *Provisional Suspension* may be lifted if the *Athlete* demonstrates to the *CAS Anti-Doping Division* that the anti-doping rule violation is likely to have involved a *Contaminated Product*. A hearing panel's decision not to lift a mandatory *Provisional Suspension* on account of the *Athlete's* assertion regarding a *Contaminated Product* shall not be appealable.

7.6.5 If a *Provisional Suspension* is imposed based on an *A Sample Adverse Analytical Finding* and subsequent analysis of the *B Sample* does not confirm the *A Sample* analysis, then the *Provisional Suspension* shall automatically be lifted. In circumstances where the *Athlete* (or the *Athlete's* team) has been removed from a *Competition* or *Event* based on a violation of Article 2.1 and the subsequent *B Sample* analysis does not confirm the *A Sample* finding, then if it is still possible for the *Athlete* or team to be reinserted without otherwise affecting the *Competition* or *Event*, the *Athlete* or team may continue to take part in the *Competition* or *Event*. In addition,

the *Athlete* or team may thereafter take part in other *Competitions* and *Events* at the *Lausanne 2020 Winter Youth Olympic Games*.

7.6.6 In all cases where an *Athlete* or other *Person* has been notified of an anti-doping rule violation but a *Provisional Suspension* has not been imposed on him or her, the *Athlete* or other *Person* shall have the opportunity to accept a *Provisional Suspension* voluntarily pending the resolution of the matter.

7.7 Resolution Without a Hearing or Written Defence

7.7.1 An *Athlete* or other *Person* against whom an anti-doping rule violation is asserted may admit that violation at any time, waive a hearing and the right to a written defence, and accept the *Consequences* applicable under these *Rules* or (where some discretion as to *Consequences* exists under *these Rules*) that have been offered by the *ITA*.

7.7.2 Alternatively, if the *Athlete* or other *Person* against whom an anti-doping rule violation is asserted fails to dispute that assertion within the deadline specified in the notice sent by the *CAS Anti-Doping Division* asserting the violation, then such *Athlete* or other *Person* shall be deemed to have admitted the violation, to have waived a hearing and the right to a written defence, and to have accepted the *Consequences* applicable under these *Rules* or (where some discretion as to *Consequences* exists under *these Rules*) that have been offered by the *ITA*.

7.7.3 In cases where Article 7.7.1 or Article 7.7.2 applies, the hearing panel shall decide at its discretion whether or not a hearing is required. Instead, the *CAS Anti-Doping Division* shall, if it considers that no hearing is necessary, promptly issue a written decision confirming the commission of the anti-doping rule violation and imposing the relevant *Consequences*. The *ITA* shall send copies of that decision to *Anti-Doping Organizations* with a right to appeal under Article 12.2.2, and that decision shall be *Publicly Disclosed* in accordance with Article 13.3.2.

7.8 Notice of Results Management Decisions

In all cases where the *CAS Anti-Doping Division* has issued a decision stating that an anti-doping rule violation has been committed or has not been committed, a *Provisional Suspension* has been issued or lifted, or an agreement with an *Athlete* or other *Person* on the imposition of *Consequences* without a hearing (or written defence) has been entered, notice thereof shall be given in accordance with Article 13.1.2 to other *Anti-Doping Organizations* with a right to appeal under Article 12.2.2.

7.9 Retirement from Sport

Retirement after participation at the *Lausanne 2020 Winter Youth Olympic Games* has no effect on the application of these *Rules*. If an *Athlete* or other *Person* retires while the *ITA* is conducting the results management process,

the *IOC* retains jurisdiction so that the results management process may be completed. If an *Athlete* or other *Person* retires before any results management process has begun, the *IOC* retains jurisdiction to initiate the results management process pursuant to these *Rules*, provided that the *Athlete* or other *Person* was subject thereto at the time of the asserted anti-doping rule violation.

ARTICLE 8 - RIGHT TO BE HEARD

8.1 CAS Anti-Doping Division

8.1.1 Where the *ITA* decides to assert an anti-doping rule violation, the *ITA* shall promptly file an application with the *CAS Anti-Doping Division*, acting as first-instance authority to conduct proceedings and to issue decisions, as per the *CAS Anti-Doping Division Arbitration Rules*. The application shall be filed in the name of the *IOC* by the *ITA* acting on the *IOC*'s behalf.

8.1.2 The composition of the hearing panel and procedures applicable to the *CAS Anti-Doping Division* shall be as per the *CAS Anti-Doping Division Arbitration Rules*.

8.2 Hearings and procedures of the CAS Anti-Doping Division

8.2.1 In all procedures relating to any alleged anti-doping rule violation pursuant to these *Rules*, the right of any *Person* to be heard pursuant to paragraph 3 to the Bye-law to Rule 59 of the Olympic Charter will be exercised solely before the *CAS Anti-Doping Division*.

Pursuant to Rule 59.2.4 of the Olympic Charter, the *IOC* Executive Board delegates to the *CAS Anti-Doping Division* all powers which are necessary for it to take the measures and sanctions envisaged by these *Rules* including, in particular, Articles 9, 10.1, 10.2 and 11.

Hearings may proceed following the assertion of one or more of the anti-doping rule violations set out in Article 2.1 through Article 2.10 of these *Rules*.

8.2.2 The *CAS Anti-Doping Division* shall issue a timely reasoned decision. The *CAS Anti-Doping Division* shall promptly notify such decision to the *Athlete* or other *Person* concerned, the *IOC*, the *ITA*, the *Athlete* or other *Person*'s *NOC*, the *International Federation* concerned, the *Athlete* or other *Person*'s *National Anti-Doping Organization* and *WADA* of such decision.

8.2.3 The decision of the *CAS Anti-Doping Division* shall also be *Publicly Disclosed* as provided in Article 13.3 and may be appealed as provided in Article 12. Article 13.3.5 shall be applied in cases involving a *Minor*.

8.3 Single Hearing Before CAS

In accordance with the *Arbitration Rules of the CAS Anti-Doping Division*, anti-doping rule violations asserted against an Athlete or other Person may, with the consent of the Athlete or the Person, the ITA, WADA, and any other Anti-Doping Organization that would have had a right to appeal a first instance hearing decision to CAS, be heard by the *CAS Anti-Doping Division* acting as a sole instance subject to the conditions set forth in the *Arbitration Rules of the CAS Anti-Doping Division*.

Such decision shall not be construed as an admission of the anti-doping rule violation, a waiver to a hearing and to the right to a written defence, and/or an acceptance of the *Consequences* applicable under these *Rules*, as referred to in Article 7.7 above.

ARTICLE 9 - AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

An anti-doping rule violation in *Individual Sports* in connection with an *In-Competition* test automatically leads to *Disqualification* of the result obtained in the *Competition* in question (and any other subsequent *Competitions* in the same *Event* for which the *Athlete* only qualified as a result of *Athlete's* participation in the *Competition* in question) with all resulting *Consequences*, including forfeiture of any medals, diplomas, points and prizes.

ARTICLE 10 - SANCTIONS ON INDIVIDUALS

10.1 Disqualification of Results in the Lausanne 2020 Winter Youth Olympic Games

10.1.1 An anti-doping rule violation occurring during or in connection with the *Lausanne 2020 Winter Youth Olympic Games* may, pursuant to the decision of the *CAS Anti-Doping Division*, lead to *Disqualification* beyond the application of Article 9 of all of the *Athlete's* individual results obtained in the *Lausanne 2020 Winter Youth Olympic Games* (or in one or more *Events* or *Competitions*) with all *Consequences*, including forfeiture of all medals, diplomas, points and prizes, except as provided in Article 10.1.2.

Factors to be included in considering whether to *Disqualify* results in the *Lausanne 2020 Winter Youth Olympic Games* which are not to be disqualified in application of Article 9 may include, for example, the seriousness of the *Athlete's* anti-doping rule violation and whether the *Athlete* tested negative further to *Testing* conducted after other *Competitions*.

10.1.2 If the *Athlete* establishes that *he/she* bears *No Fault or Negligence* for the anti-doping rule violation, the *Athlete's* individual results in the other

Competitions shall not be *Disqualified*, unless the *Athlete's* results in *Competitions* other than the *Competition* in which the anti-doping rule violation occurred were likely to have been affected by the *Athlete's* anti-doping rule violation.

10.2 Ineligibility and other Consequences

10.2.1 Should an *Athlete* or other *Person* be found to have committed an anti-doping rule violation, the *CAS Anti-Doping Division* may declare the *Athlete* or other *Person* ineligible for such *Competitions* at the *Lausanne 2020 Winter Youth Olympic Games* in which such *Athlete* or other *Person* has not yet participated, along with other sanctions and measures which may follow, such as exclusion of the *Athlete* and other *Persons* concerned from the *Lausanne 2020 Winter Youth Olympic Games* and the loss of accreditation.

No *Person* who has been declared ineligible may, during the period of ineligibility, continue to participate in any capacity in the *Lausanne 2020 Winter Youth Olympic Games* after being declared ineligible.

10.2.2 In accordance with Article 7.1.2, responsibility for results management in terms of sanctions beyond the *Lausanne 2020 Winter Youth Olympic Games* itself shall be referred to the applicable *International Federation*.

10.3 Automatic Publication of Sanction

Sanctions issued in application of Article 10 shall mandatorily be published, as provided in Article 13.3.

ARTICLE 11 – CONSEQUENCES TO TEAMS

11.1 Testing of Team Sports

Where one or more than one member of a team in a *Team Sport* has been notified of an anti-doping rule violation under Article 7 in connection with the *Lausanne 2020 Winter Youth Olympic Games*, the *ITA* shall conduct appropriate *Target Testing* of the team during the *Period of the Lausanne 2020 Winter Youth Olympic Games*.

11.2 Consequences for Team Sports

If one or more members of a team in a *Team Sport* is found to have committed an anti-doping rule violation during the *Period of the Lausanne 2020 Winter Youth Olympic Games*, the *CAS Anti-Doping Division* shall apply the rules of the relevant *International Federation* to determine the *Consequences* on the team results (e.g., loss of points, *Disqualification* from a *Competition, Event or the Lausanne 2020 Winter Youth Olympic Games*, or other *Consequences*), in addition to any *Consequences* imposed

pursuant to these *Rules* on the individual *Athlete(s)* found to have committed the anti-doping rule violation.

11.3 Consequences to Teams in sports which are not Team Sports

If one or more members of a team in a sport which is not a *Team Sport* but where awards are given to teams, is found to have committed an anti-doping rule violation during the *Period of the Lausanne 2020 Winter Youth Olympic Games*, the *CAS Anti-Doping Division* shall apply the rules of the relevant *International Federation* to determine the *Consequences* on the team (e.g., loss of points, *Disqualification* from a *Competition, Event or the Lausanne 2020 Winter Youth Olympic Games*, or other *Consequences*), in addition to any *Consequences* imposed pursuant to these *Rules* on the individual *Athlete(s)* found to have committed the anti-doping rule violation.

Should the relevant *International Federation* not have such rules or, if in the *CAS Anti-Doping Division's* discretion, the rules of the relevant *International Federation* do not adequately protect the integrity of the *Competition*, the Panel shall have the authority to determine the *Consequences* on the team, including the *Disqualification* of the team's results in any *Competition or Event* or any other *Consequences*. The *CAS Anti-Doping Division* may only take such action in circumstances when one or more members of a team are found to have committed an anti-doping rule violation and, in the Panel's discretion, the violation may have affected the results of the team in the concerned *Competition(s) or Event(s)*.

Pursuant to the request of the World Curling Federation, with respect to team results in the sport of curling, *Disqualification* and all resulting *Consequences* shall apply if: (i) more than one team member has committed an anti-doping rule violation in the mixed event, respectively, or (ii) one or more team members has committed an anti-doping rule violation in the mixed doubles event.

ARTICLE 12 – APPEALS

12.1 Decisions Subject to Appeal

Decisions made under these *Rules* may be appealed as set forth below in Articles 12.2 through 12.5 or as otherwise provided in these *Rules*. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise.

12.1.1 Scope of Review Not Limited

The scope of review on appeal includes all issues relevant to the matter and is expressly not limited to the issues or scope of review before the initial decision maker.

12.1.2 CAS Shall Not Defer to the Findings Being Appealed

In making its decision, CAS need not give deference to the discretion exercised by the body whose decision is being appealed.

12.2 Appeals of Decisions Regarding Anti-Doping Rule Violations, Consequences, Provisional Suspensions, Recognition of Decisions and Jurisdiction

12.2.1 Subject to Article 12.3 below, decisions made under these *Rules* may be appealed exclusively to CAS, in accordance with the provisions applicable to Appeals Arbitration Procedure as set forth in the CAS Code of Sports-related Arbitration.

Provided, however, there shall be no anti-doping rule violation based solely on an *Attempt* to commit a violation if the *Person* renounces the *Attempt* prior to it being discovered by a third party not involved in the *Attempt*.

Atypical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory which requires further investigation as provided by the *International Standard* for Laboratories or related Technical Documents prior to the determination of an *Adverse Analytical Finding*.

In assessing the *Athlete's* or other *Person's* degree of *Fault*, the circumstances considered must be specific and relevant to explain the *Athlete's* or other *Person's* departure from the expected standard of behavior. Thus, for example, the fact that an *Athlete* would lose the opportunity to earn large sums of money during a period of *Ineligibility*, or the fact that the *Athlete* only has a short time left in *Athlete's* career, or the timing of the sporting calendar, are not relevant factors to be considered in reducing the period of *Ineligibility* under Article 10.5.1 or 10.5.2 of the *Code*.
