Dear Dr. Tiszeker, dear Ágnes,

I trust that this letter finds you well.

On behalf of the World Anti-Doping Agency (WADA), I would like to thank you for hosting our delegation recently in Budapest. I appreciate your exceptional courtesy and warm hospitality extended by the Hungarian Anti-Doping Group (HUNADO).

I further seize this opportunity to complement your remarkable engagement and acknowledge HUNADO's efforts to support WADA, the global anti-doping program and clean athletes. I am confident that we will continue our collaboration in various areas to achieve our common goal of protecting sports integrity and ensuring a level playing field for all athletes.

In conclusion, I would like to reiterate once again that we at WADA highly appreciate your support.

I look forward to our continued productive cooperation and partnership at all levels.

Sincerely,

**Witold Bańka**  
President
